

Your Life: Just Easier

Let us help you make taking your medications easier.

We can package all of your medications into individual packets for each dose. When you need to take your next dose, just tear off your packet and you are ready to go!

Experience the freedom with new medication packaging!

**New,
Convenient
Medication Packaging**

**Your Meds
Made
Simple!**

It's easy! We do all of the work for you.

It's as easy as 1, 2, 3... Packets?

Our pharmacy has always focused on you! We want to help you be the happiest and healthiest you possible.

Our new program continues this tradition and focuses on making your medications easier to take.

Our new, convenient packaging system places all of your medications for each dose into packets. No more medication boxes or bottles. Each dose is pre-packaged and customized for YOU.

Are you making multiple trips to the pharmacy each month? Now all of your medications will be ready on the same day. No more balancing which medication is ready when. We will even remind you each month what day to pick up your medicines.

Managing medicines can be difficult. Let us do the work for you!

Benefits of the Program

- Convenient packaging of medications (including vitamins and over-the-counter medications) customized for YOUR schedule
- Refill reminders
- One trip to the pharmacy each month
- Less time managing your medicines!

How do I get started?

Just ask!

Our pharmacy staff will work with you and your doctor to get your medications scheduled for the same day each month.

We will call you to remind you when your medications are ready and check to have everything you need.

When you pick up your medications they will be packaged by each dose, making it easier to take your medications.

It's that easy!

Think outside the Bottle.

Our new packaging system organizes your medications by how you take them.

Convenient and easy-to-use packaging can make your life simpler.
